Classic Three-Dimensional

This is how we built our reputation and is still our most popular style. Here the ornament is blown literally in the shape of the subject. (Typically \$14-28, 325 piece minimum)

Bas Relief

Here the subject is depicted in raised relief against a solid backdrop. This is perfect for buildings with a grand scale or a memorable location. It also works well for logos. (Typically \$16-28, 325 pc minimum)

Hand-Painted Balls

This style allows more artistic leeway and is perfect for depicting the highlights of a campus, resort, garden, or town. Designs can wrap 360°. (Typically \$16-24, 150 pc minimum, or starting at \$48 for larger, much more elaborate designs by artist Michael Storrings, with 60 pc minimum)

Printed Balls

Photos and logos can be reproduced beautifully onto a traditional ball. Because these ornaments are created by machine domestically, they are perfect for tighter schedules. (Typically \$4-12, 192 pc minimum)

Gift Boxes

Our famous little red box is just one of the packaging options. Custom insert cards are also available.
